# Welcome to Agreen Group

## A Legacy of Growth, A Future of Opportunity

Welcome to Agreen Group.

Since our inception in 2005, at the dawn of a new era for Iraq, Agreen Group has been a cornerstone of development in Erbil and beyond. We began with a clear vision: to build a multi-faceted organization that could deliver excellence across trading, construction, and transportation.

Today, that vision is a reality. We are a trusted partner to government bodies, international organizations, and private enterprises, known for our unwavering commitment to quality, customer satisfaction, and service integrity. We have earned the trust of our clients by turning ambitious plans into tangible assets that serve communities and drive progress.

This profile showcases our journey, our capabilities, and our commitment to building a stronger, more prosperous future. We invite you to explore the world of Agreen Group.

**Advocate/Sardar Samad Ahmed Majidi**

# Pioneering Progress Since 2005

Founded in Erbil, the heart of development in the new Iraq, Agreen Group was established to meet the growing demands of a nation on the rise. We are a proudly Iraqi company with a global mindset, combining deep local expertise with international standards of quality and professionalism.

From our initial focus, we have strategically expanded into a diversified holding group. This vertical integration allows us to control quality at every stage, from producing our own construction materials to managing complex logistical chains.

## Our Milestones:

**2005:** Agreen Group is established.

**2007:** Completed first major government project, the Technical College of Erbil.

**2015:** Became a key construction and logistics partner for international NGOs and UN agencies during humanitarian efforts.

**2018:** Expanded our portfolio with the launch of Universe International College.

**Today:** Recognized as a leading, fully-integrated service provider in the region with over 200 dedicated employees and a vast portfolio of successful projects.

# The Principles That Guide Us

## Our Mission

To be the premier partner for construction, trading, and transportation services in Iraq, delivering superior quality and value by leveraging our integrated capabilities, skilled workforce, and unwavering commitment to client success.

## Our Vision

To be an engine of national progress, building critical infrastructure and fostering sustainable development that improves lives and creates lasting opportunity for communities across Iraq.

## Our Core Values

### INTEGRITY

We conduct our business with the highest level of honesty and transparency. Trust is the foundation of every partnership.

### QUALITY

Excellence is non-negotiable. From materials to execution, we deliver work that is built to last.

### SAFETY

We are committed to the health and safety of our people, our partners, and the public. No objective is more important than ensuring everyone returns home safely.

### COMMITMENT

We are dedicated to our clients' goals. We listen, we collaborate, and we deliver on our promises, every time.

### GROWTH

We believe in the growth of our people, our company, and our nation. We continuously invest in training, technology.

# Our Group of Companies

## A Synergy of Strengths

Agreen Group is more than a single entity. We are a powerful collective of specialized companies working in synergy to provide comprehensive, end-to-end solutions.

### AGREEN GROUP

The parent company, providing strategic direction and core services in General Trading, Contracting, and Transportation.

**AGREEN GROUP**  
General Trading, Contracting & Transportation

### LAFAW CONSTRUCTION

Our specialized construction arm, focused on executing large-scale building and infrastructure projects with precision and expertise.

### BLUE SKY

A dynamic entity focused on general trading and contracting, providing agility and specialized procurement for diverse project needs.

**UNIVERSE**  
**INTERNATIONAL**  
**COLLEGE**

### UNIVERSE INTERNATIONAL COLLEGE

Our commitment to community and the future. A premier educational institution reflecting our dedication to building human potential.

# Our Leadership Team

## Experience That Builds Confidence

Our leadership team brings decades of combined experience in engineering, finance, and management, providing the strategic oversight to guide every project to success.

### **Advocate/Sardar Samad Ahmed Majidi**

Chairman & Managing Director

With 25 years of leadership experience, Mr. Ahmed provides the vision and strategic direction for the entire Agreen Group, ensuring a steadfast focus on growth and quality.

### **Star Samad Ahmed | Finance Manager**

Leveraging over 21 years of financial expertise, Ms. Ahmed manages the fiscal health of the group, ensuring robust financial planning, budgeting, and reporting.

### **Eng. Jerjes Abdulkarim Hawez | Purchasing Manager**

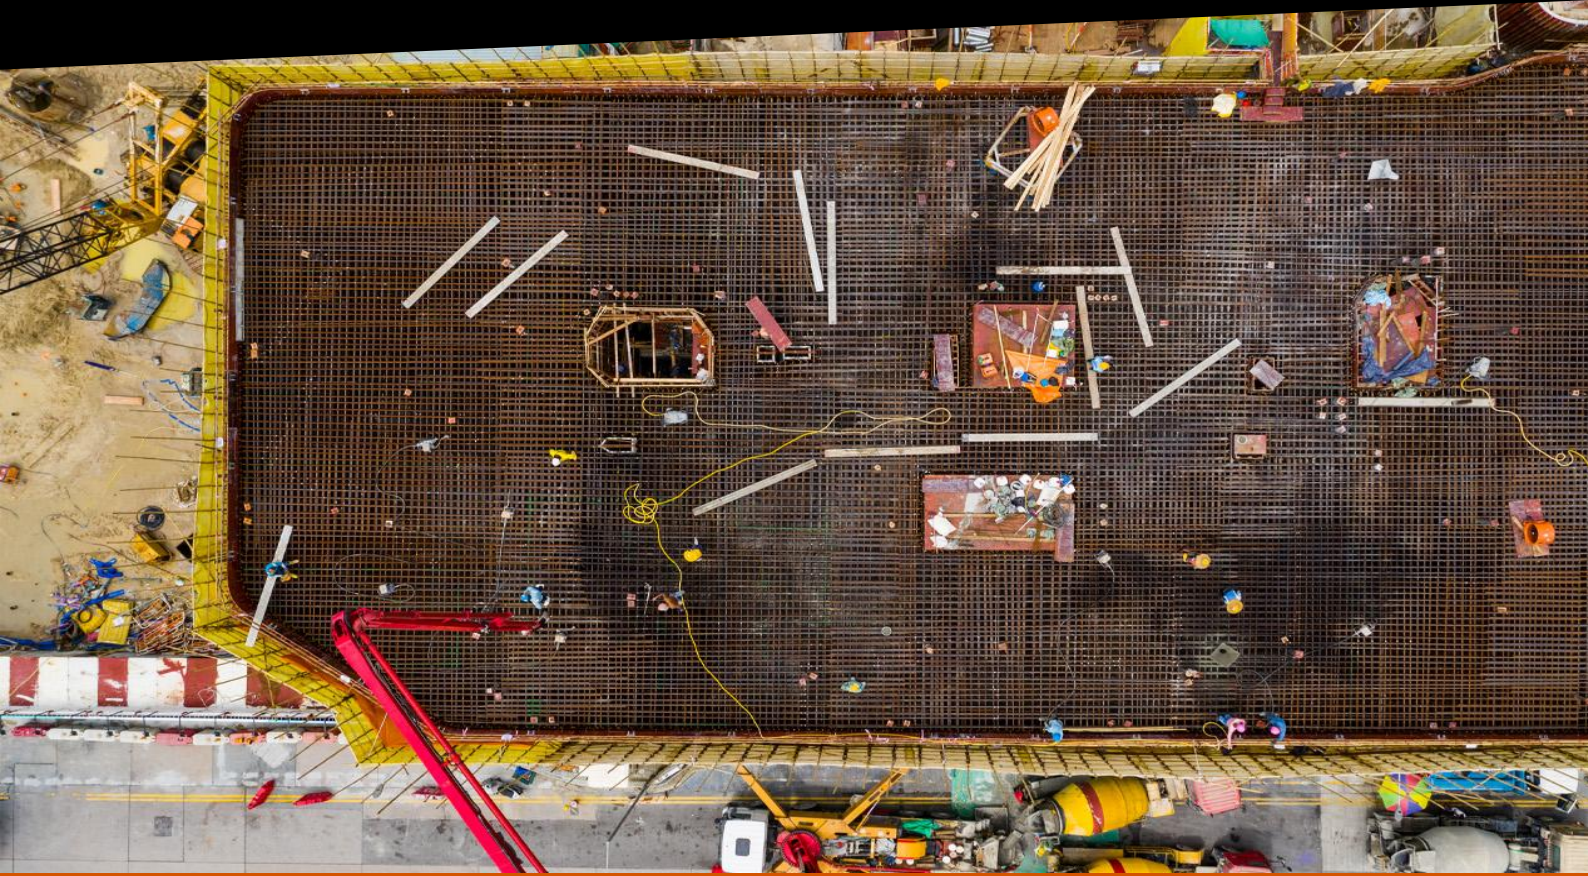

With an incredible 34 years of industry experience, Eng. Hawez leads our procurement and supply chain operations, securing the best materials and value for our clients.

### **Eng. Kamyar A. Karim | Construction Projects Manager**

A 21-year veteran in the field, Eng. Karim oversees all construction projects, ensuring they are delivered on time, within budget, and to the highest quality standards.

# Core Services

## Construction & Contracting From Blueprint to Landmark

We build the infrastructure that defines communities. Our expertise spans educational facilities, commercial buildings, residential complexes, and critical civil works. We manage every phase, from site preparation to finishing, ensuring quality and durability are built into the very foundation of every project.

- Civil & Structural Engineering
- Commercial & Residential Buildings
- Prefabricated & Modular Construction
- Renovation & Restoration

## General Trading & Logistics The Engine of Your Supply Chain

A successful project depends on having the right materials at the right time. Our general trading and logistics division is a master of procurement and supply chain management. We source, store, and deliver everything from raw construction materials to specialized equipment, ensuring your project never stops moving.

- Global & Local Procurement
- Warehousing & Inventory Management
- End-to-End Supply Chain Solutions
- Material Sourcing

## Transportation Delivering Reliability, On Time

Our robust fleet of heavy vehicles and equipment is the backbone of our operations. We provide reliable and efficient transportation services for bulk materials, heavy machinery, and finished goods. Our logistics team and experienced operators ensure safe and timely delivery to even the most remote project sites.

- Heavy Goods & Bulk Haulage
- Equipment & Machinery Transport
- Fleet Management
- Logistical Support

# Our Assets & Infrastructure

## Manufacturing Complexes

### Integrated Strength: Our Manufacturing Assets

We own and operate our own state-of-the-art manufacturing facilities, giving us unparalleled control over quality, cost, and timelines.

**Aggregate Factory:** Producing high-grade construction aggregates that form the foundation of our projects.

**Ready Concrete Factory:** Supplying consistent, high-quality ready-mix concrete via our dedicated fleet of mixer trucks.

**Prefab Houses Factory:** Innovating with modular construction to deliver high-quality, rapidly-deployable housing and office solutions.

# The Power to Deliver: Our Fleet

Our extensive fleet of modern, well-maintained vehicles and heavy equipment gives us the capability to tackle any project, no matter the scale or terrain.

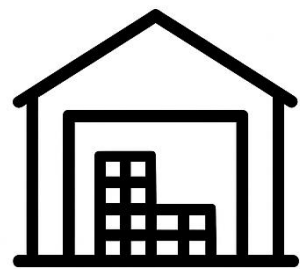

**70+**

**HEAVY VEHICLES  
& MACHINES**

**213+**

**SKILLED  
OPERATORS  
& STAFF**

**2500m<sup>2</sup>**

**MODERN  
WAREHOUSE  
FACILITIES**

Our fleet includes: Excavators, Graders, Bulldozers, Water Tankers, Dump Trucks, Cranes, and a full range of support vehicles.

# Project Showcase: Education

## Technical College of Erbil

A foundational project that showcases our ability to deliver large-scale educational facilities for government clients. This project involved complete construction of the college, creating a modern learning environment for thousands of students.

**Client:** Ministry of Higher Education

**Value:** \$2,250,000

**Scope:** Full construction of a new technical college.

**Timeline:** 2007 - 2008

# Project Showcase: Education

## Universe Private College

Demonstrating our Group's synergy, we undertook the full construction of Universe International College. This modern campus is a testament to our commitment to building not just structures, but also futures.

**Client:** Agreeen Group

**Value:** \$3,200,000

**Scope:** Design and construction of a multi-story international school campus.

**Timeline:** 2018 - 2021

# Project Showcase: International Aid

## Humanitarian Camp Infrastructure

Agreen Group is a trusted partner to international organizations like UNOPS, UNHCR, and Oxfam. We were proud to deliver critical infrastructure, including electrical networks, prefabricated housing, and latrines for the Bahraka and Hasan Sham camps, supporting thousands of displaced persons.

**Client:** UNOPS, UNHCR, Erbil Governorate

**Value:** Multi-million (combined)

**Scope:** Prefabricated caravans, electrical works, sanitation facilities.

**Timeline:** 2015 - 2017

# Project Showcase: Urban

## Kurani Ainkawe Park & UNAMI Renovation

Our work with the United Nations Development Programme (UNDP) highlights our ability to deliver high-quality civil and renovation projects that meet stringent international standards. This project created vital community green space and upgraded UN facilities.

**Client:** UNDP / UNAMI

**Value:** ~\$150,000

**Scope:** Park construction and building renovation.

**Timeline:** 2015 - 2016

# Our Unwavering Commitment to HSE

## Our Unwavering Commitment to HSE

At Agreen Group, Health, Safety, and Environmental (HSE) stewardship is not a policy; it is our most important value. The well-being of our employees, partners, and the communities we work in is paramount.

**Health & Safety:** We foster a culture of safety-first. Through continuous training, rigorous site inspections, and empowering every team member to be a safety leader, we strive for zero incidents on all our projects. Our standards are designed to meet and exceed both local regulations and the stringent requirements of our international clients.

**Environment:** We recognize our responsibility to protect the environment. We actively work to minimize our operational footprint by managing waste responsibly, preventing pollution, and optimizing our use of resources.

# Trusted by Leaders

We are honored to have worked with a diverse range of leading local and international organizations. Our reputation is built on the success of their projects.

# Let's Build Together.
